

## Information for your 3-night cruise

### Embarkation procedure

Once you arrive at the port of Lavrion and get off the bus you will go to the left of the terminal and leave your luggage. Each piece being checked in should have a Celestyal Discovery luggage tag with your name and cabin number on it. If you need another tag, please ask for extra one from your cruise escort at the hotel so that everything is labeled before arriving to the port. Please do not have anything valuable in your luggage or anything that you may need right away as the luggage will be delivered to your cabins later on.

**Attention:** Carry-ons cannot be checked-in. You need to carry them to the ship until you can get into your cabin.

### Check in Procedure

1. Check-in at Lavrion port by cabins so all roommates have to be together with their passports. Continue to collect your cruise ID card. We strongly suggest you to register your credit card at check-in.
2. The cruise ID cards that you will receive will be used for embarkation & disembarkation, as your cabin key and for any purchases that you may make on the ship. Cash payments are not accepted on board.
3. You will then pass through the security checkpoint and place your carry-on luggage and or bags on the conveyer belt and they will pass through the scanning machine. You will collect them on the other side.
4. Upon embarkation, your ID card will be swiped and as you enter, you will receive the daily program where the timing of each activity is written. Please read it as the information is important. It tells us the times of arrival & the departure times from each port. The meeting time for shore excursions as well as timings for meals, meetings and happenings on board. The daily program for the next day will be placed in your cabin the night before. If you do not receive one please ask for one from the reception. Keep in mind that you still need to listen to the announcements for arrival times.
5. Proceed to your cabins if rooms are ready to leave your hand luggage. Your luggage will be delivered to your cabin prior, or a little after the ships sailing.
6. Lunch is usually served from 11:30am until 1:00pm on the 1<sup>st</sup> day.
7. Right after lunch there will be a welcome meeting in a specific lounge that will be announced on board. It is very important to attend. Your Cruise Director will explain everything about life on board the ship. Please be at the lounge at least 10 minutes before each departure time listed in the program. The afternoon arrival times can change so you need to listen to the announcements and plan accordingly. It is important that you are back 10 minutes prior to the all on board time posted at the gangway, as the ship does not wait for late stragglers. In the case that this should happen (which we hope it doesn't) on the front page of the daily program is the name of each port agent who is in charge of the ships excursions/transportation on each island. You will need to contact them and have them try to help you to get to the next destination in order to catch up with the cruise ship at your expense
8. Later on you must attend the compulsory Lifeboat drill with your life jacket. Read the instructions posted close to your cabin door carefully and follow the announcements given over the PA system. After the drill take your life jackets back to your cabin.
9. You will need to collect your pre-paid shore excursion tickets (usually from the shore excursion desk) as well as your Mykonos shuttle bus/tender boat tickets & Santorini tickets if a shore excursion in Santorini is not purchased. The location to collect these tickets will be on your daily program and also by announcement.
10. The electricity is 110 AC/220 AC. There are hairdryers in most cabins, otherwise please check with the reception about using hairdryers & irons.
